

CFL SOCIAL DISTANCING GUIDELINES

A. VISITORS

1. Point of entry: signs have been erected to encourage social distancing (SD) in the queue and around the Falls.
2. Platform at top of Falls: visitors are given a leaflet at reception explaining that CF is largely a wide open space with plenty of room to SD. However, the one point where congestion may arise during the walk is at the top of the Falls in the c.10m corridor leading to and from the viewing platform. Signage to remind visitors of SD guidelines has been placed at the top of the Falls requesting that no more than two families stand on the platform at any one time.
3. Toilets: signs have been erected to encourage SD when queuing for the toilets.
4. Snack bar: signs and guidance fencing has been put in place to encourage SD.
5. Café: signs and floor markings have been put in place to encourage SD.
6. Shop: signs have been erected to encourage SD in the shop.

B. STAFF

1. So far as possible, staff should SD from visitors and other members of staff, subject to the requirements of serving customers.
2. Whilst in the Barn Staff Area staff should continue to SD.
